At Fota Wildlife Park,
Cork, Ireland

July 2nd & 3rd

BIAZA Research Conference 2024

Attention university students interested in zoo-based research!

The British and Irish Association of Zoos & Aquariums (BIAZA) Research Conference is happening this year at Fota Wildlife Park in Cork, Ireland. If you're a student, zookeeper or researcher passionate about animal behaviour, conservation strategies, biological research, or social sciences as it relates to zoos, scan the QR code below for more information.

Attending this conference presents an invaluable opportunity to gain insights, ask questions, and explore the latest trends and technologies in the field. Whether you're a zookeeper, already pursuing a career in science or simply keen to learn more about zoo-based research, don't miss this chance to expand your knowledge and connect with like-minded individuals who are shaping the future of this area.

Engage in discussions covering various topics such as animal welfare, enclosure design, and the broader aspects of zoo management and husbandry. Taking place at Fota Wildlife Park's newly opened Education, Conservation, and Research Centre, the conference promises abundant learning and networking opportunities.

Already Involved in Zoo Based Research?
Abstract submissions are open until 5pm on March 25th.

Submissions are being accepted for three forms of presentation:

- Oral presentations (12 minutes long, with 3 minutes for questions)
- Speed presentations (6 slides, 6 minutes, questions at end of session)
- Poster presentations (A1 portrait)
