BIAZA Conservation Education Conference 2025

Hosted by Hertfordshire Zoo | 11–13 November 2025

Theme: The Power of Questioning

How do we move from awareness to action?
How do we know we're making an impact?
Does frontloading education sessions really work?
What can we learn from failure?

This year, the BIAZA Education Conference dives deep into the art and impact of asking the right questions. We're calling on conservation educators, across the BIAZA network of zoos and aquariums to demonstrate their passionate for igniting curiosity by sharing their insights, innovations, and inquiries. If we ask the right questions we become one step closer to maximising learning outcomes.

Whether you're exploring the why of behaviour change, the how of community engagement or the when of impactful delivery we want to hear from you!

Hertfordshire Zoo®

Presentation Formats

Interactive Workshops (1 hour):

Will be framed around a central key question, and conclude with three clear takeaways participants can carry forward. We encourage a range of workshops that cater for experienced senior conservation educators and early career conservation educators.

Presentations (10 minutes):

These are 10 minutes in length and there will be time for group discussion concluding clusters of presentations with similar themes. Once again, each should start with a key question and finish with 3 key takeaways.

Poster:

Posters will be displayed throughout the conference and set time slots will be dedicated for these posters to be viewed by delegates.

Abstract Deadline: Monday 30th June 2025
