#355 – suitable for residential and commercial uses.
#HM 564 – suitable for commercial, industrial and public spaces.
#864 – suitable for public spaces

4) What amount and concentration of disinfectant should I use on the rugs?
On any of the rugs the following solutions can be used: V1 Antiviral Disinfectant 750ml (ready to use; spray)
V2 Antiviral Disinfectant 5L (ready to use)
Disinfectant Sanipro 5L (concentrated: to dilute 1/10)

5) What type of disinfectant should I use with each rug?
Textile rugs (311, HM564 e 864) – Disinfectants V1/V2 by direct application from container.
Rubber rugs (355 e 345) – Disinfectants V1/ by direct application from container, or Sanipro with 1/10 dilution.

6) How is the disinfectant applied?
The disinfectant is directly applied on the rug, considering the following instructions:
Textile rugs (311, HM564 e 864) – application of enough liquid to keep the textile damp.
Rubber rugs (355 e 345) – application of enough liquid to reach the top of the structures.

7) Do these disinfectants kill the SARS-CoV-2 virus?
Yes, all the recommended disinfectants for each model are effective on the elimination of the Covid-19 virus.

8) How often should the disinfectant be changed?
We recommend the daily change of the disinfectant on all the models.

9) What are the sizes of the disposable jumpsuits?
S, M, L, XL, XXL, XXXL.

10) Does the hand sanitizer stain rugs and carpets?
No.

11) Can the foot operated hand sanitizer be outdoors?
Yes.

12) Does the customization of the foot operated hand sanitizer have costs?
No.

13) What are the dispatchment costs of the products?
The dispatchment costs in Portugal have the following costs:
Up to 2 kg: 5.90 EUR | From 2 to 5 kg: 6.90 EUR | From 5 to 10 kg: 7.90 EUR | From 10 to 20 kg: 8.90 EUR | From 20 to 30 kg: 9.90 EUR
Additional cost (for each extra 5 kg): 5 EUR

13) How much does it costs to dispatch to Spain?
To dispatch to Spain, the costs are as following:
Up to 2 kg: 8.85 EUR | From 2 to 5 kg: 13.35 EUR | Over 5 kg: 1.5 EUR/kg

14) Do the orders to EU country include VAT?
All the orders outsider Portugal are exempt of VAT, as long as the client has a valid VAT number.

15) Are the signaling stickers photoluminescent and/or non-slip?
The signaling models are photoluminescent; However, the addition of a non-slip layer eliminates the photoluminescence.

16) What product/s and its dosage can be used to refill the spray disinfectant aerosol?
The following products can be used for air disinfection: Hydrogen peroxide (3%); or peracetic acid (5000 mg / L); or chlorine dioxide - MMS (50 mg / L).
